Content: @marcorubio You’re only upset because China doesn’t contribute as much to your campaign funds. Once they do you’ll be on to the next thing. What ever came out of those school shooting town halls? Nothing - because the NRA check cleared. You aren’t fooling anyone. Stick to Bible quotes.

Content: @johnnykickstart @NRA John, Since you are a Catholic father of 8 (God bless you), I assume you're concerned about school gun violence. When you refuse to consider that easy access to guns might be part of the problem, then you remain part of the problem. Universal background checks, ban gun shows.

Content: The #GOP is a death cult that eschews logic and science. 1) Today's school shooting resulted from too many entrances, not easy access to guns. 2) The ocean is rising due to falling rock, not global warming. 3) Clean air laws are ineffective, so let's have none. #VoteThemOut
